

LE HIEN

SENIOR FRONTEND DEVELOPER (VUE / REACT)

Date of birth: 20/08/1993

Email: lehien0893@gmail.com

Phone: 0962309147

PROFESSIONAL SUMMARY

Senior Frontend Developer with **8+ years** of experience building high-performance, user-focused web applications. Strong expertise in **Vue.js / Nuxt** (SSR & SPA), **React.js / Next.js**, and **TypeScript**, with a solid focus on frontend architecture and **performance optimization**.

Experienced in implementing real-time features using **Socket.IO / WebSocket** for notifications and live data updates. Proven track record of delivering **pixel-perfect** UIs, **improving Core Web Vitals**, **reviewing code**, **mentoring junior developers**, and collaborating closely with backend, product, and design teams. Known for a strong sense of ownership and responsibility toward product quality and delivery.

CORE SKILLS

- **Advanced CSS Architecture** – Flexbox, CSS Grid, responsive design, cross-browser compatibility
- **Maintainable Styling Practices** – scalable, modular CSS for large UI codebases
- **Vue.js, Nuxt.js (2 & 3)** – Composition API, Options API, SSR, SPA, Vue Bootstrap, Nuxt UI
- **React.js & Next.js** – Hooks, Redux, SSR, reusable component architecture, CSS Modules, styled-components
- **State Management** – Vuex, Pinia, Redux
- **Performance Optimization** – Lazy loading, code splitting, asset optimization, CLS/LCP improvements
- **HTML5** – semantic markup, accessibility-aware layouts
- **UI/UX Implementation** – Pixel-perfect implementation with 95–100% design fidelity
- **API Integration** – RESTful APIs, async data handling
- **Tools** – Git (Github, GitLab), Lighthouse, Chrome DevTools, Figma, Adobe Photoshop CC, Adobe XD

WORK EXPERIENCE

Hiko Solution

Senior Frontend Developer | Jan 2022 – Present

- Developed responsive landing pages, websites, and admin dashboards using **Vue.js, Nuxt, Tailwind CSS, Bootstrap (Vue Bootstrap), and Nuxt UI**.
- Improved **Lighthouse scores from ~50 to 90+** by optimizing assets, implementing lazy loading, and reducing CLS.
- Solved complex responsive layout and cross-browser issues using **advanced, maintainable CSS architecture**.
- Integrated REST APIs and collaborated directly with backend and product teams to resolve performance and UX bottlenecks.
- Conducted **code reviews**, enforced coding standards, and **mentored junior** frontend developers, improving overall code quality and team productivity.
- Acted as a technical point of contact for frontend decisions and best practices.

Kamora Digital Product Studio

Frontend Developer | Jul 2020 – Aug 2022

- Built interactive admin dashboards and user interfaces using **React.js and Redux**.
- Translated complex Figma designs into scalable, reusable components.
- Implemented scalable styling architecture to manage complex layouts and reusable UI components.
- Used **CSS Modules** and **styled-components** in **React/Next.js** projects to ensure scoped, maintainable, and conflict-free styles.
- Worked closely with backend developers to **integrate APIs** and ensure smooth data flow.
- Participated in code reviews and provided technical guidance to team members to ensure best practices.

IF Vietnam Co.

Frontend Developer | Sep 2016 – Jun 2020

- Converted UI/UX designs into responsive websites and landing pages using **HTML5, CSS3, jQuery, PHP, Laravel, WordPress**.
- Built cross-browser compatible layouts and handled responsive edge cases across desktop and mobile devices.
- Delivered **pixel-perfect UI** implementations for multiple client projects.

EDUCATION

Bachelor of Information Technology

Danang University of Education | 2011 – 2016

ADDITIONAL

- Strong collaboration and communication skills
- High attention to detail and UI accuracy
- Strong sense of ownership and accountability for assigned tasks and deliverables
- Adaptable to new technologies and fast-paced environments
